MEMORANDUM FOR: Deputy Director for Administration

25X1 FROM:

Director, DS&T Career Development Course

25X1 SUBJECT: Supplemental Evaluation -
17 September - 20 December 1984, DS&T CDC-27

1. On 20 December 1984, Mr. Alfred T. Patterson successfully completed the DS&T Career Development Course.

2. Mr. Patterson was perhaps the most enthusiastic and vocal member of the CDC-27. Like many of the past DA course members, Mr. Patterson recognized the uniqueness of this opportunity to learn the form and function of the DS&T, and he made the most of it. Mr. Patterson could be relied upon to question briefers at length and in-depth; I suspect many of his fellow students counted on him to ask the questions they were reluctant to express. His curiosity and willingness to speak out, combined with his good humor, dependability, and familiarity with many data handling systems, made him an invaluable participant. The other course members gained a much better appreciation of the nature and challenges of working in the ODP.

3. It was a pleasure for me to work with Al during this three-month period, to have enjoyed his company in the CDC, and to count him among my friends.

4. Al approached the difficult task of the "class project" seriously. I viewed him as one of the drivers of the effort and know that he made significant investments of personal time and energy to assure the successful completion of his team's contribution.
